Introduction

The Leave module is designed to ease the leave management of your company. This setup guide will show you how to setup the Leave module while a separate guide will show you how to administer to the leave as an administrator.

Administration

Block Leave

Leave Administrator can make use of block leave to apply leave **on behalf** of the entire company, department, or individual staff. Block leave **will bypass the approval process** and will do the required deduction accordingly.

The steps to doing a block leave are:

Step 1: Click on

Step 2: Click on

Step 3: Click on tab at the top

Step 4: Choose the option on how you want to choose the users who are to be included in the block leave

Block Leave Type	<input type="radio"/>	All employee/depts will be deducted this leave.
	<input type="radio"/>	All employee/depts excluding the selected employee/depts in the following listing box will be deducted this leave.
	<input checked="" type="radio"/>	Only the selected employee/dept in the following listing box will be deducted this leave.

Step 5: Select the leave type for the block leave

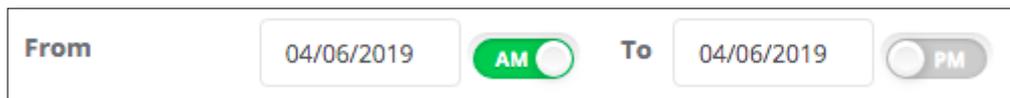

Leave Type	Annual	⌵
-------------------	--------	---

Step 6: (Optional) Anyone you wish to email to inform them of the block leave. As noted above, Block Leave is automatically approved and does not go through the normal approval process. If you want to inform the approving officers of the leave, then you can utilize the CC Lists field.

A rectangular box with a light gray border. At the top left, it says "CC Lists" in bold. Below that is a text input field with the placeholder text "Enter email". To the right of the input field is a small gray button with a person icon and a plus sign.

Step 7: Enter the date range for the block leave

A horizontal form element. On the left, it says "From". To its right is a date input field containing "04/06/2019". Next to the date is a green "AM" radio button. To the right of that is the word "To", followed by another date input field containing "04/06/2019". To the right of the second date is a gray "PM" radio button.

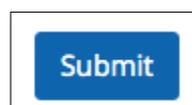

Step 8: The system will automatically compute the number of days based on Step 7.

A rectangular box with a light gray border. On the left, it says "Working Days" in bold. To its right is a text input field containing the number "1".

Step 9: (Optional) Enter remarks. The remarks input here will also appear on the Leave Query report. It can also help to remind you as the Leave Administrator, why the Block Leave was done for the staff.

Step 10: Choose the name/s of the staff who will be included in the block leave by putting a tick beside the name/s.

A blue rectangular button with the word "Submit" in white text.

Step 11: Click on  to apply the Block Leave.

Entitlement & Details

The Entitlement & Details page allow you to set the entitlement and details such as the work week of the staff.

Note that this page does not show you the leave balance of the staff. For that, you need to use the Leave Balance Report.

The steps to using this page are:

A rectangular button with a light gray border. On the left is a pink circular icon with a white crown. To the right of the icon is the word "Leave" in blue text.

Step 1: Click on 

Administration

Step 2: Click on

Entitlement & Details

Step 3: Click on

The following page display of the opening balance depends on the configuration. For the Annual leave, If you set it to earned leave, you will see 0 at the Opening Balance. If you had chosen entitlement, you will see the entitlement that is full amount or the prorated amount in the Opening Balance.

Employee ID	Employee	Department	Yearly Entitlement	Opening Balance	As at date (dd/mm)	Adjustment	Work Week	Join Date	Grade	Working On PH	Actio

	Ang Lee Jin (Miles)	Sales	18	15	1/1	-2	Normal	01/01/2019	MGT	<input type="checkbox"/>	

Step 4: If you configure your leave module to have grades, you can select the job grades of each of the staff so that the correct entitlement will be allocated for them.

Step 5: If the staff needs to work on Public Holiday, you need to click on the **Working on PH** column. This would allow the staff to take leave even if is Public Holiday. By default, staff cannot take leave on Public Holiday.

Update

Step 6: Click on to save changes.

Leave Actions

Leave Cancellation

As a leave administrator, you can cancel the leave of the staff by following these steps:

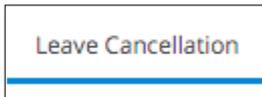

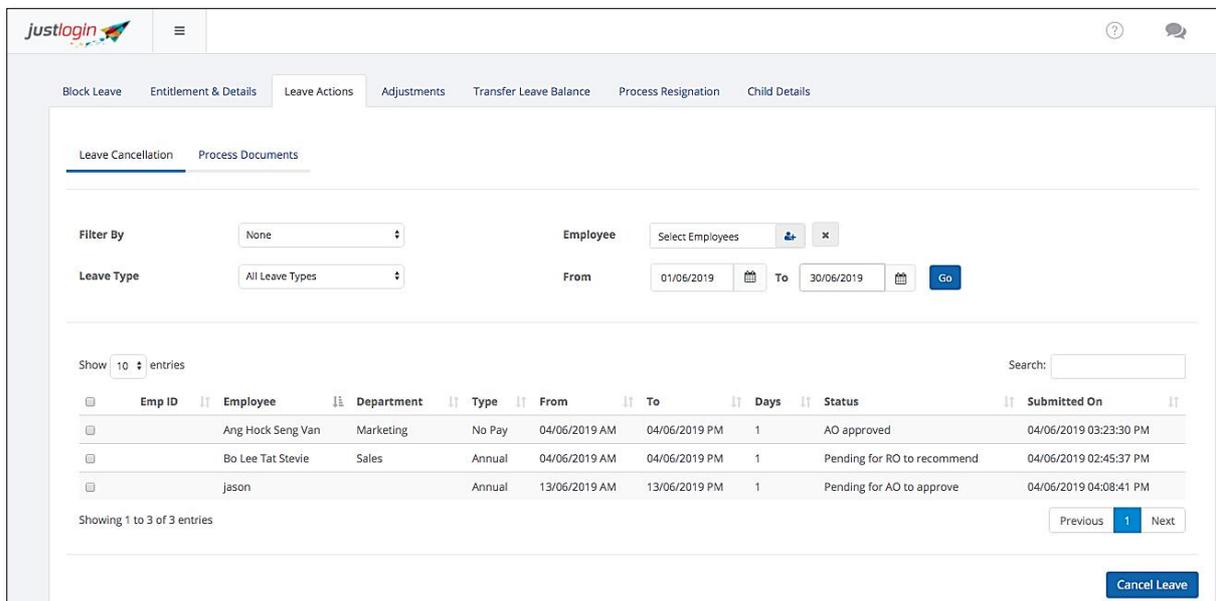

Step 1: Click on

Step 2: Click on

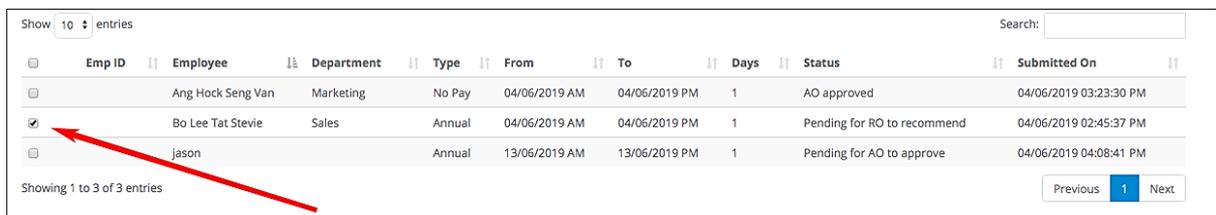

Step 3: Click on tab. You will see this page.

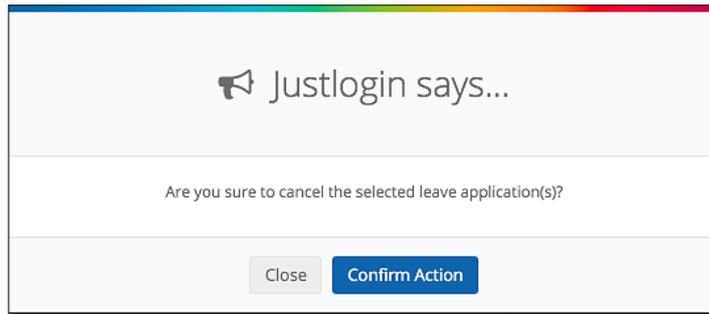

Step 4: By default, you will see the page.

Step 5: Select the staff you wish to cancel the leave by ticking on the checkbox at the row of the name.

Step 6: Click on the button below. The following message will appear

Step 7: Click on  to proceed with the cancellation of leave.

Process Documents

If you require your staff to submit hard-copy of documents when applying for certain leave types, the paper copies/hard-copies does not go through the system. The system will instead remind you through process documents page if you have received the hard copy of documents from the staff.

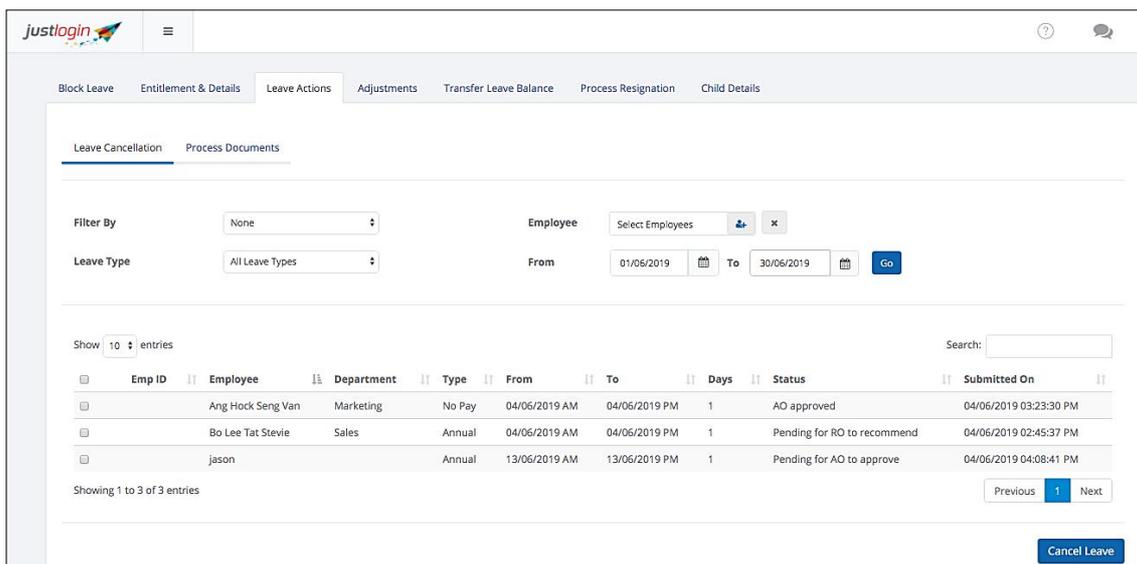

Step 1: Click on

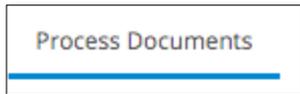

Step 2: Click on

Step 3: Click on  tab. You will see this page.

Step 4: Click on

Step 5: (Optional) You can filter the documents through the different filters such as documents, leave types, grades and range of date.

Document Filter	All	Grade	All Grades
Leave Type	All Leave Types	From	01/05/2019 To 30/06/2019 Go

Step 6: Click on

Step 7: The system will generate the list based on your search parameter. If the checkbox is empty, it meant that the hard copy of the document for this leave has yet to be received while a checkbox with a tick represents that the administrator had received the document.

Transfer Leave Balance

Automated Transfer Leave Balance removes the need of the leave administrator to manually do the Transfer Leave Balance of all the unused leave of last year to the new year.

The system will take whatever transfer leave balance setting from the previous year and will automatically apply that to the automated transfer.

The Transfer Leave Balance page will appear:

Block Leave Entitlement & Details Leave Actions Adjustments **Transfer Leave Balance** Process Resignation Child Details

Note:

1. An automatic balance transfer for Annual Leave will be processed by system on 31st December.
2. Please ensure your settings are correct prior to automatic transfer.
3. After automatic transfer is completed, still user can edit settings and perform manual transfer if required.

Leave Balance Transfer from 2019 (ending 31/12/2019) to 2020 (starting 01/01/2020)

Leave Type:

How many days of leave balance can be brought over to the new year?

- All leave balance of previous year
- Maximum of days of previous year's leave balance
- Maximum of of previous year's leave entitlement
- By annual leave entitlement days. [edit conditions](#)

How is the grace period set for forfeited/transferred leave balance?

* A new leave type "Annual (Brought Forward)" will automatically be created if there is a grace period being setup and users will be prompted to select this leave type first when applying for Annual Leave. You will be able to modify the expiry date for each employee under Administration > Entitlement & Details.

- No grace period
- Set a grace period, which the forfeited leave balance must be consumed.
Leave must be consumed by
- Set a grace period, which the transferred leave balance must be consumed.
Leave must be consumed by

Note the following:

- a.** *The Automated Transfer Leave Balance will not happen automatically on the first time. You must do step 3 first then once you have saved it, the system will then automatically execute the transfer accordingly. The transfer will be based on the settings configured on this page.*
- b.** *The system will use the previous year's setting for the transfer.*
- c.** *The transfer will automatically happen on the 31st of December.*
- d.** *Only Annual Leave will be transferred through this method.*
- e.** *If manual transfer has been done before 31st of December, automated transfer will not occur in the account.*

Step 3: You must for setup the parameters of the transfer. You can do so by clicking on

the button. Subsequently, if you wish to modify the setting the next time, you can still click on the "Edit Settings" button.

Step 4: On the 1st portion, this is referring to the number of days that can be brought forward. There are 4 options to choose from, just choose one:

Option 1 - *All leave balance of the previous year* - the system will transfer any remaining balance of the leave type chosen over to the following year.

Option 2 - *Maximum of ___ days of previous year's leave balance* - the admin can set a specific number of days that can be transferred into the following year

Example:

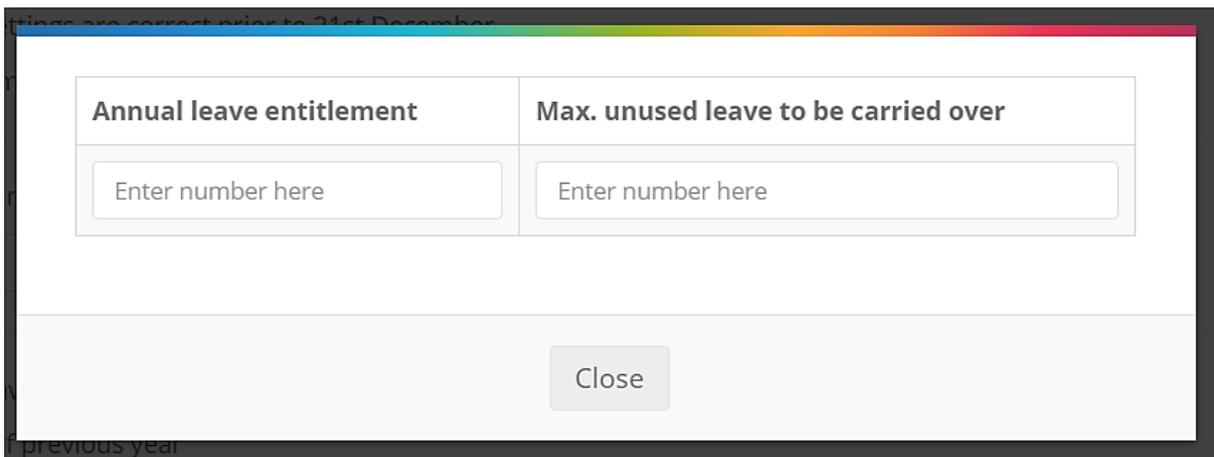

If the remaining balance for Annual 2020 is 15 days, and the company only allows up to 5 days to be transferred to 2021 for all users, then he must choose 5 on the dropdown field.

Option 3 - *Maximum of ___% of previous year's leave entitlement* - the system will only transfer a certain percentage of last year's total entitlement.

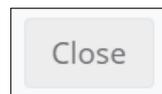

Example:

If one of the employees' entitlement is 18 days for Annual 2020 and can transfer only up to 50% of the entitlement, the remaining balance for Annual 2020 is 10, then the system will only carry over 9 days.

Option 4 - *By annual leave entitlement days* - is almost the same as the second option, only that it is based on the Annual 2020 entitlement instead of just the remaining balance. The admin needs to click on the "edit conditions" link to set the policy in the pop-up window

Input the annual leave entitlement value and the number of leaves that can be brought

over for each leave entitlement. After doing so, click on

Step 5: On the 2nd portion, this is where you can set the "grace period" for the transferred leaves if any. There are 3 options to choose from, please choose one:

Option 1 - *No Grace Period* - means that the transferred balance has no expiry date and whatever is left from the previous year will be added to the staff's Annual Leave opening balance of the following year.

Example:

2020 remaining balance: 5

No grace period
2021 entitlement: 18

Then:

Opening balance (if entitlement policy): 23 (18+5)

Opening balance (if earned policy): 5 (0+5)

Option 2 - Set a grace period, which the forfeited leave balance must be consumed - Leave must be consumed by – this option allows the admin to set an expiry date for any un-transferred balance from the previous year and will create another leave type called “**Annual Brought Forward**” to show the un-transferred balance. This leave type can then be used by the employee to apply for leave before the set expiry date.

Example:

How many days of leave balance can be brought over to the new year?

All leave balance of previous year

Maximum of days of previous year's leave balance

Maximum of of previous year's leave entitlement

By annual leave entitlement days. [edit conditions](#)

Option 3 - *Set a grace period, which the transferred leave balance must be consumed - Leave must be consumed by* - this allows the admin to set an expiry date for the transferred leave balance to the following year. Whatever leave transferred will then be shown through an automatic leave type created called "Annual Brought Forward".

To take note

1. Please ensure that there are no pending leave applications for the current year before you perform the leave transfer.
2. You can perform leave transfer multiple times. The system will take the latest balance as at 31 December, apply the transfer policy and update the opening balance as at 1 January for the following year. You may go to Administration > Entitlement & Details to view the new opening balance after the transfer.
3. If the users have submitted leave applications for annual leave for the next year (e.g. during December before leave transfer) the system will transfer the annual leave taken to leave type Annual (Brought Forward) if balance is available, using leave adjustment and record will appear in the leave adjustment history.
